STOP CLOSING STL'S  
STREETS!!

## 17<sup>th</sup> Street Closure Petition

Board Bill 64, sponsored by Alderman Marlene Davis in the City of St. Louis Board of Aldermen, proposes to vacate 17<sup>th</sup> Street between Washington Avenue and St. Charles Street. The developer of 1706 Washington Avenue will take ownership of the street under this proposal and will be allowed to permanently close the street to pedestrians, cyclists, and vehicles.

Our view is this will negatively impact safety in the surrounding neighborhood and make it more difficult for people to reach the restaurant and retail corridor of Washington Avenue, which will cause a negative impact on small businesses in that area.

# 17<sup>th</sup> Street Closure Petition

Board Bill 64, sponsored by Alderman Marlene Davis in the City of St. Louis Board of Aldermen, proposes to vacate 17<sup>th</sup> Street between Washington Avenue and St. Charles Street. The developer of 1706 Washington Avenue will take ownership of the street under this proposal and will be allowed to permanently close the street to pedestrians, cyclists, and vehicles.

Our view is this will negatively impact safety in the surrounding area, cause a negative impact on small businesses, hinder the ability of nearby commercial spaces to attract and retain tenants, and create a burden on people with mobility issues.

PLEASE SIGN BELOW IF YOU DO NOT WISH TO SEE 17<sup>TH</sup> STREET PERMANENTLY CLOSED

# 17<sup>th</sup> Street Closure Petition

Board Bill 64, sponsored by Alderman Marlene Davis in the City of St. Louis Board of Aldermen, proposes to vacate 17<sup>th</sup> Street between Washington Avenue and St. Charles Street. The developer of 1706 Washington Avenue will take ownership of the street under this proposal and will be allowed to permanently close the street to pedestrians, cyclists, and vehicles.

Our view is this will negatively impact safety in the surrounding neighborhood and make it more difficult for people to reach the restaurant and retail corridor of Washington Avenue, which will cause a negative impact on small businesses in that area.
